General Competition Information

All competitions will be run in accordance with the ERSO Rule Book 2015-2017, which is based on the FISAC-IRSF Rule Book 2015-2016 with minimal amendments.

Each Freestyle music CD/USB-stick is to be handed to the sound system operator shortly before the corresponding freestyle. **Please be sure to test all Freestyle music CD/USB-sticks on the competition sound system before the competition. Note: Each CD/USB-stick must contain ONLY ONE music track and must be correctly labelled.**

All scores displayed during the competitions are unofficial. Preliminary results will be handed to the delegation leaders after each competition. If no objections are registered within one hour, these results will become final.

Team Competition Description and Scoring Principles

For each event, every country may enter up to 5 teams in each age division and gender category (Male, Female and Mixed). Each team may have 4 to 5 members and in the case of the Open teams, both genders must participate in each event jumped. Teams that jump all of the following 6 events will also be ranked in the overall Team competition results.

Single Rope Speed Relay: 4 team members each skip 30 seconds of "Speed Step". The goal is to complete as many successful jumps in the time.

Double Dutch Speed Relay: 4 team members each skip 45 seconds of "Speed Step" in Double Dutch (2 long ropes being turned in opposite directions for the jumpers). The goal is to complete as many successful jumps in the time.

Single Rope Pair Freestyle: the goal is for 2 team members to complete a synchronized creative routine with as many correctly executed skills at the skippers' highest ability, using single ropes and within a 60 - 75 second time limit.

Single Rope Team Freestyle: the same goal as in Pair Freestyle, but with 4 team members.

Double Dutch Single Freestyle: the goal is for 3 team members to complete a creative routine in Double Dutch with as many correctly executed skills at the skippers' highest ability within a 60 – 75 second time limit.

Double Dutch Pair Freestyle: the same goal as in Single freestyle, but with 4 team members.

During the speed events, each skipper's jumps are counted by three judges and the results are averaged according to the rule book. Due to the immense speed of the skippers, only the right foot "Speed Step" jumps are counted. The number of counted Single Rope Jumps is multiplied by 3 and the number of Double Dutch jumps is multiplied by 2 to calculate the scores for the speed events.

The 4 freestyle events are each judged by a jury of 13 judges - the Single Rope events by one jury and the Double Dutch events by the second set of judges. In each case 5 judges rate the level of difficulty, one of which is also the Head Judge, counting mistakes and checking for time and space violations. Further 5 judges evaluate the presentation of the performance and 3 judges look for required elements and also count the mistakes.

For each freestyle, half of the penalties (from mistakes, time and space violations) are deducted from the averaged difficulty score and the other half of the penalties are deducted from sum of the averaged presentation and required element scores. The reduced difficulty scores from all participants are ranked and the reduced presentation plus required element scores from all participants are also ranked. The sum of these two rankings determines the winning order in each individual event. The overall ranking per team is the sum of the individual rankings.

Individual / Masters Competition Description and Scoring Principles

For each event, every country may enter up to 5 skippers in each age division and gender category (Male, Female). Skippers that jump all of the following 3 events will also be ranked in the overall competition results:

30 Seconds Speed - Sprint: the goal is to complete as many successful "Speed Step" jumps in the time

3 Minutes Speed - Endurance: the same goal as 30 Seconds Speed

Freestyle: the goal is to complete a creative routine with as many correctly executed skills at the skippers' highest ability within a 60 – 75 second time limit.

The scoring principles are similar to those in the Team Competition, whereby in individual competitions the Freestyle ranking is added twice to the ranking of speed and endurance events to calculate the overall ranking.

Triple Unders - Power: This Competition is for 15+ only and consists only of this one event. Each country may enter up to 3 skippers in each gender category (Male and Female). The goal is to complete as many consecutive "Triple Unders" (3 rope rotations per jump) without stopping. Each skipper normally has only one attempt. If less than 30 are jumped, a second attempt is permitted.
